THE HYDRO HOTEL

At The Hydro, we believe great wine should be approachable, interesting, and enjoyable.

This collection brings together classic regions, modern winemaking, and a few unexpected discoveries from Ireland and beyond. Alongside trusted favourites, you'll find wines from producers embracing organic and biodynamic practices, reflecting a growing commitment to sustainability, authenticity, and respect for the land.

Whether you're drawn to a familiar glass or tempted to explore something new, each wine has been selected for its quality, character, and ability to bring people together around the table.
